CHAS. E. MARSHALL,

We have just had occasion to try to help out a person who had lost papers by fire in our county

This party had lost notes, cancelled checks which he needed later, and other valuable papers, impossible to replace. This seems like locking the gate after the horse has been stolen, but we think it pays to lock the gate if you have another We have a nest of Safety deposit boxes which would save you a lot of worry on those papers Come into our bank and examine the or iewels. boxes.

A checking account is indeed a business necessity; and he who tries to get along without one is at great disadvantage.

It is not required that a person should have a large bulk of business in order to open an account.

Professional men, farmers, and many women are running checking accounts. If you have never done business in this way and are not familiar with the plan, come to us and we will get you started.
